

North Kent Mind provides a supported housing service for 27 people who have experienced mental health problems and need support to live independently. Accommodation is provided in 5 sites in the area:

Most of the schemes contain a communal room where tenants can meet together if they wish. All the flats are for single occupation.

Dartford: A block of 8 self-contained flats near the centre of town.

Northfleet: A block of 5 self-contained flats.

Gravesend: A large house converted into 5 self-contained flatlets and also 2 self-contained flats within one house

Swanley: 6 self-contained flats within one house

What tenants have said about the service:

“It has helped enormously in assisting me to leave behind a great deal of emotional and material hardship.”

“It has given me hope, my own front door key, privacy in a comfortable environment.”

“The Mind way of supporting people is excellent.”

Living in North Kent Mind accommodation

All vacancies are shorthold tenancies – which means that tenants living within them are expected to become independent enough to move on to general housing within two years. Everyone is encouraged to move to more independent settings when they are able to do so.

All flats are fully furnished and equipped. Rent payments are normally covered by Housing Benefit. Council tax will be in line with the local authority’s council tax reduction scheme. Tenants pay their own utility bills to encourage independent living.

Each tenant works with the staff to create their own Support Plan. The plan identifies the person’s needs and goals and how staff can help to meet these. Plans are reviewed every six months, or earlier at the request of the tenant.

All tenants have opportunities to take part in social activities and in meetings to plan and develop the service.

Criteria to apply for accommodation

We welcome applications from the Community Mental Health Teams and other agencies who refer suitable candidates to us. People can self-refer providing they have involvement with the Community Mental Health Team.

To be considered for a flat a person must:

- Be over 18 and needing single person accommodation
- Have, or be recovering from, an enduring mental health issue
- Need the type of housing support we provide
- Be able to use the supported housing service to make a positive difference in their life
- Not be a risk to the health, safety and wellbeing of other tenants.

When a person meeting these criteria has been referred to us, and where we have a vacancy, North Kent Mind housing staff will send an application form, to be completed by the applicant.

Applicants for housing will be interviewed by two members of staff, who will make the decision on whether or not accommodation should be offered. It is our policy to offer a tenancy to the person who is in most need of the housing and support we can provide.

Housing Support

North Kent Mind offers low-level support to tenants which includes:

- Assistance with form filling (benefits, utilities etc.)
- Health and Safety checks and property maintenance
- Help with living skills and self-development through person-centred planning and support
- Liaising with the Community Mental Health Team if their mental health deteriorates
- Financial advice and budgeting
- At the tenant's request, and where appropriate, supporting them by attending meetings with other professionals
- Working to avoid isolation and promote social inclusion.
- Support plans for recovery from mental health problems and general wellbeing.

Mind tenants are also encouraged to access the range of other services we provide.

North Kent Mind does not undertake:

- Personal care
- Shopping
- Domestic duties
