

## How to set up WhatsApp on your mobile phone:

### You will need:

- A mobile phone that is connected to the internet (Hint - If you're using a mobile device there may be charges applied)
- To be able to open the app store/play store to download the app
- To be able to search on the app store

### Steps to set up WhatsApp on your mobile phone:

- Open the app store/play store
- Search for and install WhatsApp
- After installing, select the app to open it
- Read the terms and conditions. If you are happy with them, select to agree
- Select Allow notifications to let WhatsApp tell you when someone sends you a message
- Enter your mobile phone number
- Select Skip restore
- Enter your name
- Select OK to allow WhatsApp to add your existing contacts from your mobile phone
- You can now start using WhatsApp

### Next steps:

- Start adding friends and family to the app and chat with them
