

A town called Hope

A town called Hope has sunny rays  
People laughing and happy days  
Helping each other in many ways.

A town called Hope is full of colour  
A beautiful rainbow like no other  
Everyone supports each other.

A town called Hope does not discriminate  
But rather the laughter it does rate  
A smile is never found too late.

A town called Hope is liberty  
With blue skies and clear sea  
All to be what they want to be.

A town called Hope is unique  
A town called Hope is complete  
A town called Hope is full of love  
(On the ground and in the skies above.)
